

Using IA to role playing with wild animals

Summary	
Subject/Discipline	Language
Weekly theme	Wild animals
Age group	5-6 years old
Main topic	A story/poem/ free discussion/game on the topic
Key concepts	<ul style="list-style-type: none">● Language acquisitions related to topic● Discuss with peers and the teacher about the wild animals● Name the title of the story● Name the characters● Answer questions related to the story● Show interest in the story● Listen attentively up to the end of the story without disturbing the others● Retell the story following the chronological order of events <ul style="list-style-type: none">● Use agreement of number, gender, tense, person● Create a story based on pictures● Recognize letters lower/upper case and associate them to the sounds● Understand the concept of writing when communicating the information or a message● Follow the rules of the game

Learning Objectives	
<ul style="list-style-type: none">● Name of animals● Story about animals and the structure of a story	<ul style="list-style-type: none">● Number, Gender, tense, person● UpperCase and Lowercase● Communication● Game rules

Equipment/material needed	
<ul style="list-style-type: none"> Laptop or desktop computer or tablet. Internet connection 	<ul style="list-style-type: none"> ChatGPT

Lesson Outline		
Phase of the lesson	Duration	Description
Warm-up	5 min	Talk about wild animals and if they know any story about it.
	5 min	See a video like this: https://www.youtube.com/watch?v=GP9QMID5EW8 A story with animals.
Main activity	10	Presentation of the role game and the tool. Assign an animal to a child or a group and explain the rules of the role game.
	30	Play a role game with children. You can use ChatGPT to create a story and children can decide the next steps. You can take notes in a blackboard about the game and the story that is been created. Children have to follow the rules and wait their turn. They have to communicate with the other children. During the game, you can work with the structure of stories, the name of characters, Uppercase...
	10	With all the notes, write in common a resume of the story.
Assessment	5	Read the story created with the role game.
	5	Talk about the concepts with children.

Conclusions and recommendations
<ul style="list-style-type: none"> ChatGPT can simulate realistic and dynamic conversations, providing an immersive role-playing experience for participants.
